

Project Update: May 2016

After successful implementation of my project. I have shared research and conservation findings among the like-minded people and policy makers. I presented my long term research and conservation work of Rufford Foundation project at the 7th National Conference of Science and Technology from March 29th-31st 2016.

Please find the attached an Abstract of conference (Page no.102).

I am also administering and managing the Rufford project update here in Nepal
