Project Update: August 2022

I just have the first workshop of the project in the port of Mancora. We struggled making the fishers to attend, and we ended having right attendants one of whom was a woman. But the workshop was very positive as I managed to show them the acoustic alarms (that had just arrived) and got contacts on the fishers who could be trained to use these alarms.

LISTA DE ASISTENCIA

TEMA:

FECHA: 10/08/22

HORA DE INICIO: 5:00 pm

LUGAR: Máncora

NOMBRE Y APELLIDO	N° DE CONTACTO	OCUPACIÓN
