

## **Project Update: June 2023**

A digital survey form with link (<https://www.ecopro-eg.co/survey.html>) is created for citizen science programme to report an encounter of dugong (Figure 1). The form included other different animals of marine megafauna (MMF), which will help to assess the status of MMF in the Egyptian waters. EcoPro Training Center will promote the survey with training. We expected to receive a minimum of 1000 sighting records for dugongs. Survey details are below:

### **Personal Information:**

First Name:

Last Name:

E-Mail:

Phone or WhatsApp:

Date:

Time:

### **Animal Information:**

Animal:

Dugong/ Dolphin/ Oceanic Whitetip Shark/ Tiger Shark/ Hammerhead Shark/ Thresher Shark/ Whale Shark/ Silky Shark/ Grey Shark/ Whitetip Reef Shark/ Other Sharks/ Green Turtle/ Hawksbill Turtle/ Other Sea Turtle/ Whale/ Sun Fish/ Manta Ray

Number of individuals:

Habitat: Deep Water/ Coral/ Seagrass/ Fine Sediment/ Mangroves/ Rocks/ Estuaries/ Unknown

Size: Large/ Small

Status: Alive/ Dead

Sex: Male/ Female/ Unknown
