

## Project Update: July 2010

In July 2010 we have received good rains and it was our most busy tree plantation month.

We have so far planted 8000 plants.

4000 plants were planted in natural *Salvadora persica*, *Acacia nilotica* and *Cordia rothii* in Jathavera plot, Sukhpur plot and in Banni saline land.

3000 plants were planted in following schools:

- Moti Virani four schools (GMDC High School, Boys Primary, Girls Primary and Sarda Mandir School) and village = 1000 plants
- Sukhpur School and village = 200 plants
- Devisar School and village = 200 plants
- Vareseda School = 200 plants
- Mangvana village and two schools (Primary and Higher Secondary School) = 300 plants
- Navavas village, Nani Virani School and Rameshwar School = 500 plants
- Ajuria Primary School = 200 plants
- Motichur village = 200 plants
- Paya Primary School, = 200 plants

All individual farmers, temples, grave yard, farmhouses and government offices = 1000 plants

We have 2000 *Salvadora* plants to be planted in Banni saline areas. The area is currently flooded. We will do the plantation when the roads are open in Banni.

Four nature camps are to be organized in August 2010. This way we hope to complete the work by end of August 2010.
