

Endemic Snails and slugs of Georgia

There are known 55 species of snails and slugs endemic to the Georgia. Table is showing the list of names of endemic molluscs and protected areas.

Species	ID of Protected Areas as indicated in the map below	
<i>Acicula moussoni</i>	O. Boettger, 1879	2,3,4,10,11,14,15,16,17,18,20,22
<i>Acrotoma baryshnikovii</i>	Likharev and Schileyko, 2007	-
<i>Acrotoma clausii</i>	Nordsieck, 1977	1
<i>Acrotoma gegica</i>	Suvorov, 2002	1
<i>Acrotoma juliae</i>	Suvorov, 2002	1
<i>Acrotoma komarowi</i>	(O. Boettger, 1881)	1,2,3,4
<i>Acrotoma laccata</i>	(O. Boettger, 1881)	2,3
<i>Adzharia renschi</i>	Hesse, 1933	-
<i>Armenica griseofusca</i>	(Mousson, 1876)	6,7,11,12,14
<i>Boettgerilla compressa</i>	Simroth, 1910	2,3,9,10
<i>Caucasocressa ibera</i>	Hausdorf, 2003	11
<i>Caucasolimax caucasicus</i>	(Simroth, 1898)	16,22
<i>Chondrula sunzhica</i>	Steklov, 1962	18,19
<i>Circassina pergranulata</i>	Hausdorf, 2001	4
<i>Circassina stephaniae</i>	(Hudec et Lezhawa, 1970)	-
<i>Clausilioides filifer</i>	(Lindholm, 1913)	7,8
<i>Conulopolita raddei</i>	(O. Boettger, 1879)	1,2,3,4
<i>Daudebardia nivea</i>	Schileyko, 1988	9
<i>Elia tuschetica</i>	Likharev et Lezhawa, 1961	17
<i>Euxinolauria caucasica</i>	(L. Pfeiffer, 1857)	16,17,18,20
<i>Euxinolauria glomerata</i>	Suvorov et Schileyko, 1991	6,7
<i>Euxinolauria honesta</i>	Suvorov et Schileyko, 1991	-
<i>Euxinolauria pulchra</i>	(Retowski, 1883)	5,6,7,8
<i>Euxinolauria rectidentata</i>	Schileyko, 1975	7,8
<i>Euxinolauria silicea</i>	Schileyko, 1975	22
<i>Fruticocampylaea kubiensis</i>	(O. Boettger, 1883)	16
<i>Kokotschashvilia makvalae</i>	(Hudec et Lezhawa, 1969)	-
<i>Kokotschashvilia tanta</i>	Schileyko, 1978	-
<i>Lesticulus nocturnus</i>	Schileyko, 1988	9
<i>Ljudmilena tricoloris</i>	(Mousson, 1876)	7,11,12,13
<i>Metalimax elegans</i>	Simroth, 1901	-
<i>Micropontica closta</i>	(O. Boettger, 1881)	4
<i>Mucronaria acuminata</i>	(Mousson, 1876)	12
<i>Mucronaria index</i>	(Mousson, 1863)	5,6,7,9,10,11
<i>Mucronaria strauchi</i>	(O. Boettger, 1878)	14,18,20
<i>Oxychilus birsteini</i>	Tzvetkov, 1940	2,3
<i>Oxychilus dubosi</i>	(Charpentier in Mousson, 1863)	2,3,6,7,9,10,11,14
<i>Oxychilus imperator</i>	Reidel, 1966	1,2,3,4
<i>Oxychilus lederi</i>	(O. Boettger, 1880)	17,18
<i>Peristoma boettgeri</i>	(Clessin, 1883)	2,3,9,10,11
<i>Peristoma lanceum</i>	Schileyko, 1984	4
<i>Pilorcula aspinosa</i>	Hausdorf, 1996	-
<i>Pilorcula pusilla</i>	Hausdorf, 1996	11,17,18
<i>Platytheba mingrelia</i>	(Hesse, 1921)	2,3
<i>Platytheba prometheus</i>	(O. Boettger, 1883)	-
<i>Poiretia mingrelia</i>	(O. Boettger, 1881)	2,3,4,9,10
<i>Pseudochondrula sinistrosa</i>	Kokotschashvili et Schileyko, 1984	11
<i>Quadriplacata dipolauchen</i>	(O. Boettger, 1881)	-
<i>Quadriplacata lederi</i>	(O. Boettger, 1879)	2,3,9,10,11,14

<i>Schileykula batumensis</i>	(Retowski, 1889)	6,7,8
<i>Szuchumiella jetschini</i>	(A. Wagner, 1895)	2,3
<i>Trochovitrina lederi</i>	(O. Boettger, 1879)	11,16
<i>Vitrea praetermissa</i>	Reidel, 1988	6,7,8
<i>Vitrea rhododendronis</i>	Reidel, 1966	-
<i>Vitrea sorella</i>	(Mousson, 1863)	11

General Map of Georgia

There are shown: Main districts of Georgia (A - Abkhasia, B - Svanetia, C - Mingrelia, D - Guria, E - Ajaria, F – Racha, G - Imereti, H - Javakheti, I – Shida Kartli, J – Qvemo Qartli, K - Tianeti, L - Tbilisi, M - Kakheti), PAs (1 - Ritsa, 2 – Pskhu, 3 - Gumista, 4 - Miusera, 5 - Kolkheti, 6 - Kintrishi, 7 - Mtirala, 8 - Machakhela, 9 - Sataplia, 10 - Ajameti, 11 – Borjom-kharagauli, 12 – Ktsia-Tabatskuri, 13 - Javakheti, 14 - Algeti, 15 - Liakhvi, 16 - Kazbegi, 17 - Tusheti, 18 - Babaneuri, 19 - Mariamjvari, 20 – Iori-Chachuna, 21 – Vashlovani, 22 - Lagodekhi) and grid of 20X20 sq km cells.
